

## Mother Shipton

Mother Shipton's prophecy succinctly and precisely confirms the prophecies of Nostradamus; she elegantly describes the achievements of the modern era, the 20<sup>th</sup> century. Then she goes on to tell of our last warning, a comet passing by the Earth, we now know that she was referring to Apophis due on April 3, 2029. This will then be followed by the Earth change starting 24<sup>th</sup> October 2029, her comment of "Man will receive deserved fate" is interesting. Her prophetic writings (poem) and interpretation follow below:

Mother Shipton's Prophecy	Interpretation
And now a word, in uncouth rhyme Of what shall be in future time  Then upside down the world shall be And gold found at the root of tree All England's sons that plough the land Shall oft be seen with Book in hand The poor shall now great wisdom know Great houses stand in far flung vale All covered o'er with snow and hail	Considering that Mother Shipton died in 1561, her prophetic visions are truly remarkable.  Australia is often referred to as "down under" Discovery of Gold in Australia (19 <sup>th</sup> Century) The education of the masses, in our age almost everyone can read, unheard of in the 16 <sup>th</sup> Century Everyone is educated to the same minimum standards The reference to snow and hail suggests North America, but many countries have great houses
A carriage without horse will go Disaster fill the world with woe.  In London, Primrose Hill shall be In centre hold a Bishop's See	The invention of the motor car in 1879 and afterwards World War 1, 2 and 3 and other conflicts Apparently, this line was added in 1877, because the Bishop's residence is about 5 km from Primrose Hill. <i>Not part of the original poem.</i>
Around the world men's thoughts will fly Quick as the twinkling of an eye. And water shall great wonders do How strange. And yet it shall come true.	Internet communications, email and skype, etc  Water is used to power the space shuttle, generate electricity, carry huge ships, irrigate land, etc.
Through towering hills proud men shall ride No horse or ass move by his side. Beneath the water, men shall walk Shall ride, shall sleep, shall even talk. And in the air men shall be seen In white and black and even green	Motorbikes, trucks, cars, tractors, bicycles, could be a reference to the Tour de France.  Tunnels, sub marines, ship hulls, dam walls, dive bells, etc. The colours refer to those used to decorate aircraft. Jets, propeller driven and gliders
A great man then, shall come and go For prophecy declares it so.	This is too vague, there have been many great people, it might be a later addition
In water, iron, then shall float As easy as a wooden boat Gold shall be seen in stream and stone In land that is yet unknown.	Super tankers, coal carriers, ocean liners, aircraft carriers, etc. Columbus sailed to the Americas in 1492, so Mother Shipton must be talking about gold rush in Australia and New Zealand

And England shall admit a Jew You think this strange, but it is true The Jew that once was held in scorn Shall of a Christian then be born.	During WW2 England received many Jews fleeing mainland Europe and the Nazi Party. I guess some of these married Christians and had more Jewish children.
A house of glass shall come to pass In England. But Alas, alas A war will follow with the work Where dwells the Pagan and the Turk	The Millennium dome is made of glass (fiberglass) and opened 1/1/2000, closed 31/12/2000 so to pass is correct! This was followed by war in northern Iraq and Syria (Pagan) south of Turkey!
These states will lock in fiercest strife And seek to take each other's life. When North shall thus divide the south And Eagle build in Lions mouth Then tax and blood and cruel war Shall come to every humble door.	The war there was started in 2011, still going in 2016, should finish by 2029. Syria has been reduced to rubble with help from Russia (North) As a result many refugees have left and Bashar Assad rules the left overs (divided country) Eagle USA reinforces Europe Lion = England This conflict then develops into WW3 and affects the whole world.
Three times shall lovely sunny France Be led to play a bloody dance Before the people shall be free Three tyrant rulers shall she see.	France will be in all three World Wars, 1, 2 and 3  Napoleon, Hitler and the third anti-Christ, a Muslim
Three rulers in succession be Each springs from different dynasty. Then when the fiercest strife is done England and France shall be as one.	Napoleon – French, Hitler – German, third antichrist – Muslim. After 2029, when the whole world will be one, the one world Government starts in 2039
The British olive shall next then twine In marriage with a German vine. Men walk beneath and over streams Fulfilled shall be their wondrous dreams.	Queen Elizabeth and Prince Phillip? Britain being part of the European Union?  Aqueducts and bridges Technological achievements too many to list.
For in those wondrous far off days The women shall adopt a craze To dress like men, and trousers wear And to cut off their locks of hair They'll ride astride with brazen brow As witches do on broomstick now.	Lesbians, gay pride, independent thinking women.   Dykes on Bikes!
And roaring monsters with man atop Does seem to eat the verdant crop And men shall fly as birds do now And give away the horse and plough.	Mechanical harvesters, combines, wheat, corn, cotton harvesters. Hang gliders, wing suits 90% of our populations now live in cities.
There'll be a sign for all to see Be sure that it will certain be. Then love shall die and marriage cease And nations wane as babes decrease	Divorce rates have risen to over 30% in recent years, birth rates in western countries have dropped and are now so low that populations growth is now negative in some developed countries.
And wives shall fondle cats and dogs And men live much the same as hogs.	This is particularly true for divorced people, women prefer a pet over a husband.

<p>In nineteen hundred and twenty six Build houses light of straw and sticks. For then shall mighty wars be planned And fire and sword shall sweep the land.</p>	<p>This is another false later addition, Mother Shipton did not give any dates, actually the whole poem gives technical achievements as an indication of timing, so this paragraph does not fit the style of the prophecy, it should be deleted.</p>
<p>When pictures seem alive with movements free When boats like fishes swim beneath the sea, When men like birds shall scour the sky Then half the world, deep drenched in blood shall die.</p>	<p>Television</p> <p>Sub marines</p> <p>People in aeroplanes or wing suits</p> <p>World War 3</p>
<p>For those who live the century through In fear and trembling this shall do. Flee to the mountains and the dens To bog and forest and wild fens.</p>	<p>This could be a reference to Nostradamus's Century 24/10/1929 till 24/10/2029. After this century the earth change will come, earthquakes and tsunamis, heading away from the coast would be wise.</p>
<p>For storms will rage and oceans roar When Gabriel stands on sea and shore And as he blows his wondrous horn Old worlds die and new be born.</p>	<p>Gabriel is a name for a Hurricane (Cyclone) that will form in the Atlantic Ocean, about mid-season, it can be used in 2019, 2025, 2031, it will be retired if the storm is severe enough, which has not yet happened. This could mark the start of WW3 or more likely the earth change, so 2031</p>
<p>A fiery dragon will cross the sky Six times before this earth shall die Mankind will tremble and frightened be for the sixth heralds in this prophecy.</p>	<p>A comet, probably 99942 Apophis will pass by the Earth on April 13, 2029, it could be affected by the earth/Moon gravitational fields and be captured before crashing into the Moon or the Earth, who knows</p>
<p>For seven days and seven nights Man will watch this awesome sight. The tides will rise beyond their ken To bite away the shores and then The mountains will begin to roar And earthquakes split the plain to shore.</p>	<p>Clearly this comet will be visible to the naked eye for 7 days and 7 nights, its gravitational pull causes king tides, which will cause sand erosion along our beaches. It will then cause earthquakes and volcanic activity. This is because the comet is very large and will pass between the Earth and the Moon.</p>
<p>And flooding waters, rushing in Will flood the lands with such a din That mankind cowers in muddy fen And snarls about his fellow men.</p>	<p>Either tides or the Tsunamis caused by the earthquakes, cause very noisy floods which in turn cause misery amongst the people.</p>
<p>He bares his teeth and fights and kills And secrets food in secret hills And ugly in his fear, he lies To kill marauders, thieves and spies.</p>	<p>People will struggle to survive; they will steal and kill to get what they need, food and essentials.</p>

<p>Man flees in terror from the floods And kills, and rapes and lies in blood And spilling blood by mankind's hands Will stain and bitter many lands</p>	<p>People ran away, inland and up the mountains away from the floods. More killing, even rape, total lawlessness. The floods and the fighting renders much land uninhabitable.</p>
<p>And when the dragon's tail is gone, Man forgets, and smiles, and carries on To apply himself - too late, too late For mankind has earned deserved fate.</p>	<p>After the comet leaves, the floods recede, and mankind cleans up the mess and carries on as normal. But wait! There is worse to come, the earth change!</p>
<p>His masked smile - his false grandeur, Will serve the Gods their anger stir. And they will send the Dragon back To light the sky - his tail will crack Upon the earth and rend the earth And man shall flee, King, Lord, and serf.</p>	<p>We have treated the planet so badly, that we deserve more disasters. Apophis is due back in March 2036, and according to Mother Shipton split or tear the earth causing everyone to flee again. The timing of this is during the earth change, so the seismic activity could be part of the Earth change.</p>
<p>But slowly they are routed out To seek diminishing water spout And men will die of thirst before The oceans rise to mount the shore.</p>	<p>Drinking water will be hard to find, causing people to die of thirst. Then a great flood (Tsunami) will take place</p>
<p>And lands will crack and rend anew You think it strange. It will come true.</p>	<p>New land will come about, probably through volcanic activity.</p>
<p>And in some far off distant land Some men - oh such a tiny band Will have to leave their solid mount And span the earth, those few to count, Who survives this (unreadable) and then Begin the human race again.</p>	<p>Very few people will survive this, those who do will search for other survivors all over the world, so that humanity can restart and rebuild itself.</p>
<p>But not on land already there But on ocean beds, stark, dry and bare Not every soul on Earth will die As the Dragons tail goes sweeping by.</p>	<p>New land will form in the middle of oceans, according to Nostradamus, 2 new continents will arise, one in the Pacific Ocean, the other in the Atlantic Ocean. And that is where humanity will rebuild and get its fresh start</p>
<p>Not every land on earth will sink But these will wallow in stench and stink Of rotting bodies of beast and man Of vegetation crisped on land.</p>	<p>Even Nostradamus tells us that Australia survives the Earth Change mostly intact, as well as a few small islands in the Americas and Africa; however, there would still be much death and destruction.</p>
<p>But the land that rises from the sea Will be dry and clean and soft and free Of mankind's dirt and therefore be The source of man's new dynasty.</p>	<p>The new Atlantic and Pacific continents will be clean and free of pollution, giving humanity a new start and another chance to get it right!</p>

And those that live will ever fear The dragons tail for many year But time erases memory You think it strange. But it will be.	All survivors will fear comets and asteroids for the rest of their lives
And before the race is built anew A silver serpent comes to view And spew out men of like unknown To mingle with the earth now grown Cold from its heat and these men can Enlighten the minds of future man.	Before we rebuild our society A UFO or flying saucer will arrive on earth And deliver aliens that do not look like humans These will live amongst us and show us how to live in harmony with each other and the world and they will share their wisdom with us
To intermingle and show them how To live and love and thus endow The children with the second sight. A natural thing so that they might Grow graceful, humble and when they do The Golden Age will start anew.	These aliens living amongst us will teach us how to live and love and they will teach our children how to communicate telepathically (second sight), which will be a natural ability of all of us and will allow us to gracefully grow old and in turn create a new golden age for humanity on Earth.
The dragon's tail is but a sign For mankind's fall and man's decline. And before this prophecy is done I shall be burned at the stake, at one My body singed and my soul set free You think I utter blasphemy You're wrong. These things have come to me This prophecy will come to be.	The comet is only a sign that the earth change will come and destroy what we have built, in other words the comet itself might not actually cause any of the destruction. Long before these events will take place Mother Shipton will have been burnt at the stake for witchcraft and her soul set free. She has seen these things and knows that they will take place.
<i>Poems found on the outer wrapping of Scrolls</i>	
I know I go - I know I'm free I know that this will come to be. Secreted this - for this will be Found by later dynasty	It turns out that these prophecies were hidden, buried for hundreds of years, until someone found them in the Mitchell (State) Library of NSW in Sydney (the later dynasty) and published in Nexus magazine
A dairy maid, a bonny lass Shall kick this stone as she does pass And five generations she shall breed Before one male child does learn to read.	This must refer to the people that looked after this prophecy for 5 generations, while not being able to read them, I think we were lucky they were not lost during that time.
This is then held year by year Till an iron monster trembling fear Eats parchment, words and quill and ink And mankind is given time to think.	It is then kept safe until the invention of the printing press, which allows for it to be published and distributed. Humanity will also find the time to think about these words and what they mean.
And only when this comes to be Will mankind read this prophecy But one mans sweet's another's bane So I shall not have burned in vain.	Only at this time will humanity read her prophecies And although it caused her to be burnt at the stake (death), it will have been worth it in the end.

<i>This Poem was found in a Separate Jar</i>	
The signs will be there for all to read When man shall do most heinous deed Man will ruin kinder lives By taking them as to their wives.	The signs of pedophilia will be there for all to see. It is a terrible thing that priests and others have ruin children's lives by raping them Royal commission in Australia 2013 – 2016
And murder foul and brutal deed When man will only think of greed. And man shall walk as if asleep He does not look - he may not peep And iron men the tail shall do And iron cart and carriage too.	Wars. The depression of 2020 Blindly following the Caliph and muslim extremism We will not be allowed to challenge the caliphate or its teachings. An Ironman is a strong man. A tail always follows, in this case even strong men will follow blindly Families, wives and children will be forced to also follow blindly, because when a man is Muslim, his family is also by default
The kings shall false promise make And talk just for talking's sake And nations plan horrific war The like as never seen before And taxes rise and lively down And nations wear perpetual frown.	Politicians always lie to us Parliamentary question time is a good example of this World War 3, the war in Ukraine. Much worse than World War 2 Tax hikes to pay for the war effort and inflation of prices e.g., oil, will reduce living standards and cause unhappiness amongst the people
Yet greater sign there be to see As man nears latter century Three sleeping mountains gather breath And spew out mud, and ice and death. And earthquakes swallow town and town, in lands as yet to me unknown.	There will be another warning for us as we near the earth change. 3 volcanic eruptions from different mountains will cause death with mud and ice. Also there will be many earthquakes, presumably in South east Asia and the pacific islands, New Zealand and possibly Australia
And Christian one fights Christian two And nations sigh, yet nothing do And yellow men great power gain From mighty Bear with whom they've lain.	Christians will fight each other – Possibly the war in Ukraine, every country around the planet did complain about this but did nothing about it (to scared of starting a nuclear war. The Chinese have become a world power of late, and are communist like Russia (Bear), Russia of course is also involved in the Ukraine war
These mighty tyrants will fail to do They fail to split the world in two. But from their acts a danger bred An ague - leaving many dead. And physics find no remedy For this is worse than leprosy.	The world powers (USA, Russia and China?) fail to divide the world, but by their actions they breed a fever (covid?) which will leave many people dead. The word Physics is interesting, it suggests that the problem is caused by nuclear fallout. The effects are worse than leprosy, means that everyone is at risk of dying.
Oh many signs for all to see The truth of this true prophecy.	Mother Shipton says that there are so many signs for all to see, how can they ignore her warnings.
